Pursuant to Utah Code Ann. 41-6a-404, an accident reports and accompanying data may only be released to:

- A person involved in the accident, excluding a witness to the accident;
- A person suffering loss or injury in the accident;
- A licensed private investigator;
- A hospital that treated an individual in relation to the accident;
- The insurance company for a person involved in the accident or a person suffering loss or injury in the accident, including
 - An employee of the insurance company; or
 - An individual who has been hired by an insurance company, who is acting as an agent or representative of the insurance company;

An individual who provides a signed release from a person involved in the accident or a person suffering loss or injury in the accident.

A parent of a child or a legal guardian of a person involved in the accident or a person suffering loss or injury in the accident.

Pursuant to Utah Code Ann. 63G-2-301(3)(g), initial contact reports are public records.

According to Utah Code Ann. 63G-2-305(9) follow-up reports, photos, diagrams and copies of records held in evidence are classified as protected records, and are not subject to release, if release of the records reasonably could be expected to interfere with an ongoing criminal or administrative enforcement proceeding. Initial contact reports may include the following

- Incident Reports
- DUI Report Forms
- Citations and Warnings
- Dashcam Videos

The records officer may release all reports and accompany data, including photos, to the subject of the record or to an attorney who has been retained by the subject of the record.

Toxicology results may only be released to the following:

- The subject of the record
- An attorney who has been retained by the subject of the record; or
- Another government agency provided that they will be used for a purpose for which they were collected.

Identification must be provided prior to release of a protected or private record pursuant to Utah Code Ann. 63G-2-202.
